# FAMILLE FONTANA

## CHATEAU HAUT-CLARIBES BORDEAUX ROUGE 2017

### VINEYARDS

The vineyard is planted in clay and limestone soils on hillsides culminating heights up to 120 meters. Thus the plots are exposed South - South West is an ideal that allows sunlight to get a perfect maturity.

### GRAPE VARIETIES

90% Merlot, 10% Cabernet Franc

### CULTURE AND WINEMAKING

From waist to winemaking, we practice a traditional and growing, soil enriched with organic manure only. At harvest, we select the low-yielding plots for these grapes a structured and concentrated wine. In terms of winemaking, on arrival the grapes are de-stemmed and macerated for 30 days with fermentation in stainless steel vats. The cellar is equipped with a system of thermal control with micro oxygenation (annual monitoring OENOMAITRISE).

### TASTING

Dark color, garnet color, brilliant. The nose is expressive and complex with notes of ripe fruit, strawberry jam. Mingle with pleasant woody vanilla notes, caramel milk and milk bread. The mouth has a nice sweetness of attack, while maintaining a good freshness. The evolution in the mouth is supple, ample, with a solid tannic structure that reveals a slight final tension. Harmonious wine. Pretty aromatic length with subtle empyreumatic notes. Enjoy wine, drink now, or wait until 5 years old. A red Bordeaux well mastered and concentrated.
