

FAMILLE FONTANA

CHATEAU CLOU DU PIN BORDEAUX DRY WHITE 2022

VINEYARD

Our vineyard is planted on clay-limestone soil, located on hilltops culminating at 120 meters. Vines take benefit from a great South, South-West exposition which gather great conditions for grapes' maturation.

BLEND

90 % sémillon
10% Sauvignon

12 % vol

VINIFICATION

From cutting to vinification, we are engaged in traditional and sustainable agriculture with for example an enriched ground of organic fertilizer. During harvest time, parcels are selected and vinified separately before a meticulous blend. Our modern cellar is fully thermos-regulated.

TASTING

Clear pale yellow with green tints.

Expressive nose of exotic fruits such as mango and passion fruit on one hand and on the other hand more complexity with toasted bread and brioche.

The palate is well balanced between acidity and sweetness and changes at the end with a long, round finish.

This wine is aromatic and complex, with a potential ageing of 3 to 5 years. It goes well with fishes or goat cheese.
